The Chief Secretary to the Dewan

Sir,

With reference to your letter No. 2334-41 of the 31st Ultimo, received J. 1888 on the 9th Instant, requesting a report with statistics of prevailing rates, the Demand and the Collection for 1891-92 or 1892-93 with my opinion as regards loom tax, I have the honor to forward a statement shewing the Revenue under the loom tax separately in the City Municipality of Bangalore and in the rest of the District including minor Municipalities - The Mohatarfa is now out of date and it not only falls chiefly on the poorer classes of the population, but it is also open to objection on the ground that the actual

assessment of it is practically in the hands of low paid officials. I have sent round a circular among my Assistants and Amildars, while doing the Jamabundy of the Magady Taluk and when I get the information I have called for, I intend addressing the Government on the subject. In the meantime, all that I can say is, that while the In Matarfa tax is, in my opinion, entirely objectionable, it is a tax which the people have been accustomed to pay and which brings to the State Exchequer a large Revenue and that I am not therefore prepared to recommend its abolition and the consequent sacrifice of a large Revenue, unless I can suggest, as a substitute, some other tax, indirect, and therefore acceptable to the people, which can make up the loss. If the Government be pleased, however, to abolish the tax, it cannot do better than to
begin

begin with the loom case. In
that case, the Bangalore City Mun-
-cipality may be left, either to
retain it or substitute another
case for it, and the rest of the
District may be exempted. The
loss to Government, so far as my
District is concerned, will be Rs 8,000,

I am of opinion that the

The Chief Secretary to the

Bangalore.

Sir,

According to your letter no.
2334-41, Dated 31st July 1888, I have
the honor to state that the abolition
of Loom tax which is proposed in-
-volves consideration of similar
applications for exemption from
other kinds of industries similarly
situated. If weavers ^{cannot sell their wares} on account
of introduction of sea borne goods
and goods manufactured out-
side of the Province, the oil maker,
has

has no market for his oil, on account of the vast importation of the kerosine oil. A total exemption for looms would still keep the weavers liable to the imposition of the house tax as being non-agriculturists, unless the Indha-turfa Rules are changed specially for the benefit of these weavers, in anticipation of revision of the Contemplated Indha-turfa Rules. But there is no doubt, that both these classes deserve consideration. Most of these weavers do not employ their own capital but only obtain wages from capitalists, who supply them with materials. Under these circumstances, all such non-capitalists could be exempted as is done in case of other professions.

profession, and those weavers with capital of their own may be lightly taxed, in consideration of over-whelming competition. But the difficulty will be, that, however lightly the weaver may be taxed and whatever partial or total exemption from loom tax is allowed, the house tax cannot be got over where loom tax does not exist. —

2 — A weaver generally has a house fit to be assessed at 2 Rs or over and a single loom tax is not greater in amount. Where he is a Pariah, he pays a Rupee or two Rupees for his "Khadi" loom or Cumbly loom as he is in the village or in the Kasba. The present single loom tax is not heavier than what house tax he would have in the majority of cases

pay of loom tax were abolished. The
weaver cannot be classed among
the Twelve of the Barabhatu Group
Under these circumstances till the
revision of the Mohaturfa, it may
be laid down that as a weaver
should only pay a loom tax and
not a house tax, vide letter
No 157 Dated 10th October 1860,
to Superintendent of Bangalore
Division, he should pay one
loom tax irrespective of the
number of the looms he keeps
and that the loom tax should
have only one rate of one Rupee
for each superior loom and half
a Rupee for each Pariah loom
or cumbly loom where Khadees
and Cumbahies are only made.
This will be a liberal conception of
a tentative kind, but I am
satisfied that this measure will be
any

any way fine and very great
stimulus to expansion of this
industry. I enclose the statement
called for. -

together with the prevailing rates
in this District.

2. A Circular Hukum issued by the late Superintendent of the ~~to~~ taluq Zulkadi, gives directions as to how the Classification should be made. The looms were classified and rates fixed on them accordingly. This accounts for the difference in rates in the several taluqs of the District. A Copy of the said Hukum is herewith forwarded.

3. I beg to add that the weavers who pay loom tax are exempted from the payment of House tax. Moreover on every loom in excess of one, only half the prescribed tax is levied. I am not in favor of the total abolition of this tax. At the same time I must admit that the prevailing rates are

somewhat high & do press hard
in some cases. I would therefore
suggest that the rates be reduced
by one rupee all round except
in class 4 for villages which
may be cut down to half a
rupee.

The rates prevailing in the District vary according to the Locality from Rs. 1 to Rs. 6. A detailed statement is appended.

As the industry is lucrative, it does not appear to press hard on the taxpayers. Total abolition, I would not advocate
